

First Steps to Leadership

Course Description:

This hands-on workshop will help those aspiring to lead. Many people excel in their roles and find themselves promoted to leadership positions. In today's busy and demanding work environments, these individuals often don't receive the "First Steps" training necessary to effectively transition from expert to team lead, supervisor, or manager. This workshop provides everything an aspiring leader needs to develop into an effective leader.

Course Objectives:

After completing this course, participants will have the tools and a deep understanding of how to develop into leaders who can manage, motivate, implement change, and build a cohesive team.

In this course, participants will:

- Learn how to make the leap from staff to leader.
- Develop effective communication skills.
- Learn how to create credibility.
- Understand how leaders positively influence others.
- Learn how effective leaders motivate their teams.
- Understand the difference between a leader and a boss.
- Learn how to deal with the various personality styles.
- Understand the various leadership styles.
- Learn and develop powerful leadership character traits.
